

Connecting to Loyola University Chicago Wi-Fi

Loyola University Health Sciences Campus Students, Faculty, and Staff

Currently enrolled HSC students, faculty, and staff can connect to the **LUC** network using their UVID and password. (These are the same credentials used to log into your @luc.edu e-mail or Sakai.)

A brief registration process is required for all devices. Once registered, the device will be valid for the semester.

For device-specific instructions with screenshots visit the [Information Technology Services](#) website.

For additional questions or support contact the LUC help desk: (773) 508-4487.

Loyola University Medical Center Clinical Faculty/Staff, Fellows, Residents, and Guests

LUMC clinical faculty/staff, fellows, residents, and guests of the university can connect to the **LUC-Guest** network. Guest accounts are valid for up to 72 hours.

Full instructions for how to connect to LUC-Guest are available via [Information Technology Services](#). For assistance, please contact the LUC help desk: (773) 508-4487.
